

HOW TO HANDLE COVID-19 CONTACT TRACING

UNVACCINATED STAFF

This chart can assist non-healthcare staff members when they are contacted for possible COVID-19 exposure. If a staff member is considered to be a close contact of someone who tested positive for COVID-19, they will be individually contacted as part of the tracing process. **For more information visit carolinatogether.unc.edu. For health guidance, please contact your healthcare provider.**

**Isolation can be discontinued after 10 days from onset of symptoms or date of positive test, as well as no fever or symptoms for 24 hours*
